

FLSPCA Dog Class Testimonials:

How thrilling to have Puppy Kindergarten Training right here in the area. I'm going to enroll my whole dangd litter!

- English Setter breeder with lots of energy

I was **SO** excited about classes! I couldn't **WAIT** for the class information to arrive in the mail!

- Chuckles the husky mix

'Why the long face?' they asked me.

I was dreading having to go to class, as I thought the other dogs would make fun of my short legs. But once I got there I had such a great time. I only tripped over my ears twice!

-Flopsy the Basset

Oh **WOWIE KAZOWIE!!** I spin and twirl and yap a bit until it's my turn in the Agility Class just to stay on my game. **HOT DIGGITY!!** What a **BLAST** this class is!
- *Zippity Doo Da the Pit Bull mix*

Well I'm pretty nearsighted and I used to have trouble reading those signs in my Rally-O Class, but I think I've got the problem licked.
- *Mosquito the Chihuahua*

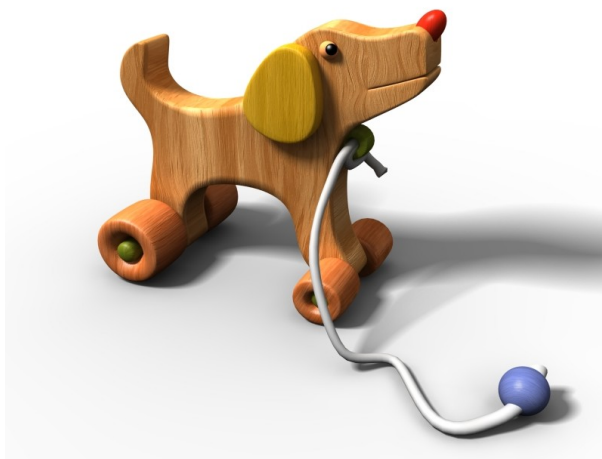

Ooooooh—so **THIS** is what they mean by distractions in the Distraction Class—a little more to the left and down a bit, please...
- *Frito, the very relaxed poodle mix*

I can't **WAIT** for dog class every week to show off my latest doggie-do. Those girlie dogs all think I'm the dog's bark. Wait 'til they see my bling next week...
- *Chalupa the Chinese Crested*

Now that I've taken the Manners Class I know enough to keep my elbows off the table when I'm eating my chocolate sundae.
- *Pearl the Chihuahua*

Boy! After taking that Beginner Class I just roll right along on the end of my leash now!
