SPCA Summer Sensation & Success

We would like to express our deepest appreciation to all who joined us at our *Woofstock Mewsic Festival* ("One Day of Peace & Music for the Animals"). This all day festival of music & family fun fundraiser was a time for our community to come together at our picturesque co-location and future home (River's Edge Farm) to help our homeless animal friends and to celebrate with us the human-companion animal bond. We couldn't have asked for a more lovely summer day or hoped for a more positive event experience for everyone. As a result of this event and such a caring community, over \$4,000 was raised at our very first *Woofstock Mewsic Festival*. We would like to thank everyone who participated, all of our dedicated volunteers, all donors who gave, all supporters, participating vendors and our community as a whole for their incredible support. The kindness and generosity shown by so many in support of this FLSPCA benefit is admirable and inspiring.

Special Thanks to the Bands, Performers & Emcees:
